Kershaw Contracting Services factfile: updated April 2008

About the business

- ✓ Kershaw Contracting Services is a specialist energy conservation and asbestos removal contractor
- ✓ The company's expertise is in domestic central heating & plumbing installation and replacement, insulation, and asbestos removal
- ✓ It was founded in 1972 and is now part of the £40m turnover Kershaw group of companies
- ✓ Kershaw Contracting Services has its head office in Cottenham, Cambridge, and other depots in Kent and the West Midlands
- ✓ The company is committed to using its expertise to help clients go green. Good insulation and modern efficient boilers can help achieve a significant decrease in CO2 pumped into the environment while heating homes AND SAVING MONEY

About the people

Mick Rayson

- ✓ 58-year-old Mick Rayson is managing director of Kershaw Contracting Services
- ✓ He joined the company when it first started in 1972, and was one of the first people in the UK to install cavity wall insulation
- ✓ Mick is the current chairman of the British Urethane Foam Contractors Association
- ✓ He is available for media comment on cutting domestic CO2 emissions and making new build homes ultra energy efficient

Paul McLeish

- ✓ 47 year-old Paul McLeish is sales and marketing director of Kershaw Contracting Services
- ✓ He joined the company in June 2007 to drive future growth in an increasingly competitive industry
- ✓ Paul has spent 20 years in the heating and ventilation industry, and is a graduate of the Fuel and Energy faculty at Leeds University
- ✓ He is available for media comment on how anyone can minimise the impact of heating their home on the environment
